Hello Everyone,

Epic. That was an epic ski season. I hope that you were able to get on the mountain and enjoy great conditions this past season. We saw high occupancy again this winter. It was gratifying to see many homeowners enjoying Apollo Park and Vail Village, skiing, snowshoeing, etc. Vail resorts has announced that they intend for their next opening date to be November 10, 2023.

Apollo Park continues to look great. Many thanks to our Vail Staff that has kept the place running smoothly. The staffing and employment environment in the Vail Valley has certainly created some challenges recently. Our staff reacted quickly and efficiently when experiencing a sudden loss in long time support agencies for Apollo Park.

We have re-introduced a “wanted to buy” list on the Association website for those owners in search of a unit to purchase. We continue to maintain a list of “for sale” units as well.

I cannot believe that I need to write this. Interval owners: do not remodel the week that you own. Do not drill holes through exterior walls. Do not add or remove decorations. And do not replace flooring. If you perceive a maintenance issue, please contact our on-site Staff. Whole owners, please reference Anne’s November 2020 letter regarding pre-authorization for remodels, especially regarding flooring underlayment. And please remember that Apollo Park is a no-smoking property. Thank you.

The new trees and shrubs have grown nicely and filled in well. In Spring, we added 515 perennials to the new landscaping and anticipate they too will grow and fill-in. The new fire pits and grills are up and running and seeing good usage.

Board President
